### Guidelines for the course instructors

1. All course outcomes (COs) should be covered in the question paper with appropriate equal weightage among defined COs.
2. Each question should be prepared such that the corresponding answer should not be directly available in the class notes/materials, text books (Essential & Supplementary), Internet and any other mode.
3. Every question may have OR option (not mandatory) with same CO and KL as depicted in the body of question paper format.
4. The question papers should be preferably numerical/analytical type as much as possible depending on the syllabus.
5. This is a special exam contains only End Term and should carry the weight of **100 marks out of 200**.
6. Requirements of any charts/tables/graph paper should be mentioned in the question paper below the line (*Each Question carry 25 marks*).
7. The question papers should be set in such a way so that the students can finish their writing within the prescribed time. And the question sets should not be too small or too large for the students.
8. The individual course instructor will conduct the examination (**as per the schedule routine**) using Google Classroom platform (**under assignment category**). **The students will upload the hand-written scan copy of the answer scripts in the interface.**
9. **The students need to be invited by the concerned instructor to the Google Classroom platform for the online examination and further evaluation.**
10. The instructor should ensure that a student is appearing a paper only if the student is registered in that paper. The course registration list is available in our website.
11. The special exam contains only End Term and two question papers need to be prepared and it having **Part A (Q1 and Q2)** and **Part B (Q3 and Q4)**.
